Other Attendees: Cpt. JD McClosky, SLMPD; Amy Perkins, Neighborhood Resident

The meeting began at 5:32 PM.

Note: The draft meeting minutes from this meeting will be distributed to all attending committee members for review and comment, and the final minutes will be distributed to all committee members and uploaded to the website with corrections as requested.

1. SLMPD Report

The SLMPD crime map showing incidents for September in Skinker DeBaliviere and the immediate area was shared on screen with the various reported crime descriptions highlighted.

Copy of the crime map and crime stats for the last month are included in these minutes. Note that the map also covers areas just outside the Skinker DeBaliviere area due to scaling issues.

Cpt. McCloskey reported that a serial burglar responsible for crimes across multiple police districts was arrested early morning in Soulard by a new officer. The suspect will face charges tomorrow, and he expressed confidence that no further incidents would occur. Cpt. McCloskey expressed appreciation for the community involvement in providing information which led to the identification and arrest of the individual.

The group commended the police, fire department, and WashU patrol for their collaboration during Porch Fest.

The above CompStat figures are posted on Monday, one week after the closing date.

CompStat figures are preliminary and are subject to change through the course of further analysis and review. Crime statistics reflect Missouri Criminal Codes and may differ from the crime categories of the FBI Uniform Crime Reporting Program and the National Incident-Based Reporting System. These numbers are utilized to develop strategies and trends for crime prevention.

* Felony Theft and Misdemeanor Theft percentages in 2021 are inconsistent for the time period of January until February due changes in Missouri State crime classifications.

* Juvenile Shooting Incidents and Juvenile Shooting Victims are included in the Shooting Incidents and Shooting Victims. Shooting Incidents are included in Aggravated Assaults.

* In some cases, the data will reflect the neighborhood where the 911 call originated from, and not necessarily the neighborhood where the crime occurred.
